

# Rolling with the blues (G)

John Mayall

I rolled all night long  
I have been rolling with the blues  
Rolling all night long  
I have been rolling with the blues  
But that's one lovely feeling  
that's how to get the blues

My baby she rolled me  
and she makes me scream and cry  
My baby she rolled me  
and she makes me scream and cry  
Sometimes I ask myself  
I want to wonder why

Well i'm only rolling baby  
if it takes you all night long  
well i'm only rolling baby  
If it takes you all night long  
Well that's the only reason  
that men are not so strong

Well i'm only rolling baby  
Rolling only day and night  
Well i'm only rolling baby  
Rolling only day and night  
Well I love the bad move that makes me  
See the world be alright

I say rolling baby  
I need your love so bad  
ohouuu baby  
ohuhouhohuhohou baby  
ouhouhohu I love my baby  
ouhouhou yeah  
ouhouhouh  
you got me rolling with the blues (parlé)
